# Underutilized Amounts Worksheet for Special §457 Catch-Up

Begin with the first year you became eligible to participate in this Plan. Ignore all prior years.

## Instructions:

- Multiply your includible compensation by the percentage in column **A**, and enter this amount in column **A** (includible compensation).
  - For years prior to 2002, includible compensation is equivalent to the amount shown on the W-2 in Box 1 (or Box 10 for years prior to 1993).
  - For 2002 and thereafter, includible compensation is equivalent to the amounts shown on the W-2 in Box 1, PLUS any amounts received from your employer as a qualified transportation fringe benefit, any amounts deferred under a §125 cafeteria plan and any contributions to a §401(k), §403(b) and §457(b) plan.
- In column **C**, enter the lesser of the amount in column **A** (includible compensation) or **B** (basic annual §457(b) contribution limit).
- From column **C**, subtract columns **D** (actual contributions) and **E** (other contributions) and enter that amount in column **F** (underutilized amount).
- Add totals from column **F** in the **TOTAL UNDERUTILIZED AMOUNTS** line at the end of the worksheet; this is your total underutilized amount.
- You may only use an underutilized amount equal to the current year's basic annual §457(b) contribution limit. Any remaining underutilized amount may be contributed in any remaining special catch-up years, up to an amount equal to that year's basic annual §457(b) contribution limit.
- NRA may not be changed in your second and third year of catch-up and you must subtract the Special §457 Catch-Up amounts you contributed in a prior year from the total underutilized amounts to determine your remaining underutilized amounts.
